

DASHBOARD WIDGETS

The dashboard features several widgets:

- World Map:** A map of the world showing continents and oceans.
- Clock:** A circular analog clock showing the time as approximately 10:10 PM in Philadelphia.
- Calendar:** A monthly calendar for May 2009, with the 21st highlighted.
- Unit Converter:** A widget for converting area units, currently set to convert from Square Meter to Square Foot.
- Upper Merion Area High School Library:** A widget with a search bar containing the text "widgets" and a "TUTORIALS" link.
- SciCatalogSearch:** A red widget with a search bar containing the text "PASCO" and the tagline "For Teachers Who Need Stuff".
- System Status:** A row of widgets at the bottom showing system metrics: CPU (User: 18%, System: 9%, Nice: 0%, Idle: 73%), MEMORY (Wired: 324MB, Active: 1.02GB, Inactive: 545MB, Free: 125MB, Swap: 1.2GB/2.0GB, Page Ins: 465,492, Page Outs: 139,148), DISKS (Macintosh HD, U: 46.51GB, F: 9.06GB), NETWORK (en1 (AirPort), 192.168.1.101, Ext: 71.59.110.226, In: 0KB/s, Out: 0KB/s, Total In: 7.02GB, Total Out: 184MB), BATTERY (Health: 98%, Cycles: 137, Charge: 95%, 3:06 remaining), TEMPS (CPU A: 55°, Heatsink B: 52°, Enclosure Bottom: 34°, Northbridge 1: 49°, Northbridge 2: 49°, Mem Bank A1: 49°, HD: Macintosh HD: 32°), and FANS (Exhaust: 1497).

A yellow callout box with the text "Click the plus to add or get rid of Widgets" has a red arrow pointing to a plus icon at the bottom left of the dashboard.

Click the x to get rid of a Widget

Click the big X to when you're done making changes

Click to add one of these Widgets
